

## The Grist Mill

William S. Howard, Narberth realtor; Guy Croyle, Penn Valley nurseryman, and J. Bedford Wooley, Penn Valley architect, have a remarkable record of attendance at the Bala-Cynwyd-Narberth Rotary Club—16 years without missing a meeting. In order to keep that record intact, Croyle hiked three miles from his home to the Overbrook Golf Club, where the Club meets, on Tuesday.

Mrs. Marlan H. Cooke, one of the volunteers at the war stamp booth at Haverford and Forrest Aves., Narberth, reports that she receives mail fairly regularly from her husband, Captain Arthur L. Cooke, who is in India. The mail service from Narberth to India, however, is not so regular. . . . Mrs. Virginia Donnelly, daughter of Mr. and Mrs. Ralph Rankin, of Woodside Ave., is expecting her husband home any day now. He's in the Army Intelligence and has been on duty at Guadalcanal. . . . Mrs. Donnelly says that the "V" mail to that now familiar island was very regular, taking on the average, nine to 11 days. . . . A couple of Narberth attorneys, John E. Flynn and Frankline C. Hutchinson, have returned to work at the County seat after vacationing. They are members of Narberth Car Pool No. 1, consisting of Attorneys Fleer, McTigue, Flynn and Hutchinson. . . . McTigue and his spouse are vacationing at Eaglesmere's Forest Inn.

The July 24 issue of Colliers was of special interest to Narberthians in that it contained a reference to a local lad who is making good in a big way in the Army. The piece, written by Walter Davenport, one of the editors of the magazine, was corroborated by a former Narberth boy who visited in town recently. Davenport wrote: "But we have just been informed that a singular lad of twenty-three had made so good at the Officer Candidate School at Fort Sill, Oklahoma, that he was not sent forthwith into battle but retained at the Field Artillery School as an instructor. A

## Civilian Defense Information

### RATION REMINDER

**GASOLINE**—"A" book coupons No. 7, good for four gallons each outside the East Coast shortage area, must last through September 21. Within the shortage area "A" book coupons No. 6, good for three gallons each, are valid July 22. "B" and "C" coupons cut to two and one-half gallons in twelve of the Northeastern states of the shortage area. "B" and "C" coupons good for three gallons in the remaining five states of the Eastern shortage area.

**SUGAR**—Stamp No. 13 good for 5 lbs. through August 15. Stamps Nos. 15 and 16 are good through October 31 for 5 lbs. each for home canning purposes. Housewives may apply to their local ration boards for more if necessary.

**COFFEE**—Stamp No. 22 (1 lb.) good through August 11.

**FUEL OIL**—Period 5 coupons valid in all zones through September 30. Period 1 coupons in new fuel oil rations became valid July 1 and are good for ten gallons each.

**SHOES**—Stamp No. 18 (1 pair) is valid through October 31.

**MEAT, ETC.**—Red Stamps P, Q, and R good through July 31.

**PROCESSED FOODS**—Blue Stamps N, P, and Q remain valid through August 7.

### SOLDIERS' LIFE INSURANCE

Soldiers—at home or abroad—are reminded that less than three weeks remain in which they can get National Service Life Insurance without a physical examination. Until August 10, 1943, every application will be accepted regardless of the individual's medical condition. After August 10 a rigid physical examination will be required.

### PROGRAM TO AVOID CLOTHES RATIONING

A program to make clothes rationing unnecessary, recently announced by Donald M. Nelson, chairman of WPB, contains these six points: (1) increased production; (2) orderly and adequate distribution; (3) more "volume" merchandise; (4) allocation of materials to essential needs; (5) increased imports of burlap; and (6) proper care of clothing by consumers. There is an adequate supply of textiles to meet civilian needs, the WPB has determined.

### DAIRY PRODUCTS SUPPLIES

Civilians will get 8 of every pounds of butter produced in the year which began July 1, the War Food Administration has announced. The Armed Forces will get 1½ pounds and the Russian Army will get ½ pound. Civilians will also get 5½ of every 10 pounds of cheese, and 4 1/3 cases of evaporated milk out of every 10.

### CANNED VEGETABLES AND FRUITS

Nearly 70 per cent. of the canned vegetables, and 53 per cent. of the canned fruits and juices available in the next 12 months will go to feed civilians. These quantities, allocated by the WFA for the 12 months beginning July 1, constitute about 4 per cent. more canned vegetables but about 40 per cent. less canned fruit than were consumed on the average during the 1935-35 period.

### EGG SUPPLIES HOLD EVEN

About the same quantity of eggs will be available to civilians in the 12 months beginning July 1, as in the same period last year, the WFA has indicated. Of a total of 5 billion dozen eggs, civilians will get about 3½ billion dozen.

## 130 BOYS TAKE PART IN SWIMMING MEET

### Ardmore and Penn-Wynne Victors In Scout Contests

Ardmore Troop 1 and Penn-Wynne Troops 1 tied for first place in the Main Line District Boy Scout Swimming Meet on Friday at the Brookline Country Club pool. The troops had 16 points each.

Second place was won by Ardmore Troop 2 with eight points, and third place by Ardmore Troop 7 with six points. The meet was the most successful of its kind held by the district, with an attendance of 130 Scouts and 25 Scouters, representing 16 troops, according to Scout officials.

The meet was featured by the performance of Eagle Scout Don Thompson, of Ardmore 1, who scored 14 of his Troop's 16 points, and by the exciting victory of Penn-Wynne 1 in the last race, making its score tie with that of the Ardmore group.

Thompson won first places in the 30-yard cross chest carry diving, and underwater swimming. His nearest rival, Cox, of Penn Wynne 1, won first in the 60-yard back stroke and 60-yard free style.

First class swimming tests were passed by Godley, Ardmore 7; Jones and Conley, Ardmore 6; O'Brien and Mita, Bala 4; Groff, Llanerch 1; and Laferriere, Ardmore 1.

The events and winners follow: 60-yard breast stroke: Godley, Ardmore 7; Bell, Ardmore 2; Moore, Ardmore 1. 30-yard cross chest carry: Thompson, Ardmore 1; Carson, Penn Wynne 1; Godley, Ardmore 7. 60-yard back stroke: Cox, Penn Wynne 1; McKay, Bryn Mawr 1. (Continued on Page 4)

## Scholarship Winner Enters Cornell

Jerrold Allen Lamb, 190 Midfield Road, Ardmore, Pennsylvania, has been awarded a John McMullen Regional Scholarship in Engineering at Cornell University. President Edmund E. Day announced today. The scholarship may be held during the entire course in Chemical Engineering which he has chosen to pursue. Approximately 40 of these scholarships are being awarded this year to outstanding candidates throughout the country.

Lamb was graduated from Lower Merion Senior High School in June with high scholastic standing. He was on the staff of the school paper and was Sports Editor of the 1943 year book.

The scholarship was awarded by the faculty of the College of Engineering with the advice and assistance of a regional alumni committee, of which D. P. Beardsley of Philadelphia, is chairman.

## LUNCHEON HELD FOR WORKERS

### Mrs. Mueller Entertains 40 Ladies At Lawn Party

A dessert luncheon was held at the home of Mrs. Eberhardt Mueller, 208 Essex Ave., Narberth, on Tuesday at one o'clock for the chairmen and workers of the Women's Narberth Day Committee, of which Mrs. Mueller is chairman.

The luncheon consisting of fruit cup, salad, iced beverage, and cookies, was served on the lawn, while the ladies discussed the results of this year's July 4 celebration, and outlined plans for next year.

Prizes were given to those offering the best suggestions, judged by vote of those present. First prize, a bowl on a teakwood stand, was awarded to Mrs. Samuel Read, for her suggestion of having a fortune teller at next year's celebration.

Second prize of enameled trays, was awarded to Mrs. Franklin Hutchinson and to Mrs. Mabel Hunsicker, who both suggested having a fish-pond.

As a surprise to Mrs. Mueller, who was unaware that her guests knew that Tuesday was her birthday, the ladies of the committee presented her with a bowl of flowers.

About forty women attended the party.

## NEW COUNTY MAP IS NOW AVAILABLE

### War Information and Tax Data Are Included This Year

The 1943 edition of the Montgomery County map, containing some new photographs and new data of wartime interest, has just been received from the printer and copies are available for distribution to residents of the county without charge. It was announced today by County Commissioners Fred C. Peters, Foster C. Hillegass and Raymond K. Mensch.

A copy of the County map will be mailed to anyone desiring one. Requests should be directed to the County Commissioners' Office, Court House, Norristown.

Printed in five colors, the map shows all boroughs and townships of the County with their boundaries clearly defined, as well as all State, County, Township roads.

New material on the reverse side includes the official Civilian Defense insignia in color, voting data, a sketch of the war's impact on the County, war-time driving hints and a graph showing how County taxes have been cut 50 per cent in the past five year period.

(Continued on Page 3)

## Detre Candidate for Register of Wills

R. Ronald Detre, sheriff of Montgomery County and resident of Norristown, announced his candidacy this week for Register of Wills. His announcement read: "After much thought I have decided to be a candidate for Register of Wills on the Republican ticket at the coming Primary Election."

"I think it unnecessary to give a long genealogy and a listing of my affiliations as I believe the people of Montgomery County know who I am and what I stand for."

"I hope the people regard me as a God-loving, patriotic Republican. With that background I intend to live and perform any duties that may be given me."

## CAMERON SPEAKS ON 'SAFETY' PROBLEMS

### Says 98 Percent of Accidental Deaths Could be Avoided

Ninety-eight per cent of deaths due to accident could be avoided, according to safety engineers, said Robert M. Cameron, chairman of the co-ordinating committee of the

ROBERT M. CAMERON

Montgomery County Accident Prevention Conference, when he addressed the meeting of the Bala-Cynwyd-Narberth Rotary Club this week on "Safety Problems."

Dividing his subject into sub-topics, Cameron discussed four reasons for accident prevention. Humanitarian, economic, conservation of manpower, avoidance and delay of production.

Cameron cited a total of 93,000 deaths due to accidental causes in (Continued on Page 2)

## New Residents Get Chance to Register July 28, August 6

New residents may register for voting, and other registration business can be conducted when traveling registrars of the Montgomery County Registration Commission sit at Borough Hall, Narberth, on July 28th, and Lower Merion Township Bldg., Ardmore, on August 6th, from 1 to 9 P. M., it was announced this week.

All women who have married since they registered and persons who have moved from one election district to another are especially urged by the Registration Commission to have their registration record corrected.

Voters who were previously enrolled but have not voted for two years also must re-register in person in order to be eligible to vote. Those who have become 21 years of age recently or will do so by September 15, likewise may take this opportunity to become registered.

The main office of the Commission at the Court House in Norristown will continue to handle all forms of registration business between the hours of 8 A. M. to 4 P. M. weekdays and 8 A. M. to 12 Noon Saturdays. August 14 is the last day to register prior to the primary Election which, this year, falls on September 14. Only those registered by party can vote at the primary.

In addition to the regular hours, the Registration Office at the Court House will be open until 9 P. M., on August 11, for the convenience of voters.

## Manoa Bids for Lead in Main Line League, Defeating Narberth 3 to 2

If the pressure of a double schedule isn't too great, Manoa's defending champions may yet extend Narberth's pacesetters for first place money in the Main Line Baseball League.

The Manoaites ended Narberth's eight-game winning streak with a 3-2 victory last Sunday and climbed into second place. Manoa has only lost one less game than Narberth, but is still three full games off the pace because it is so far behind the schedule.

There are only five more weeks of the regular season remaining and in that time Manoa must play ten games while Narberth has only six and third place Pen-Mar, also a formidable contender, has eight to play.

Manoa will start to get rid of its playoff games when it meets the West Phills in a double-header at Veteran's Park. Darby and Manoa Roads, this Sunday. Pen-Mar also is slated to entertain fourth place Overbrook in a twin-bill at

## Odd Lot Shoes Not Rationed, July 19-31

Between July 19 and 31, shoe stores may sell a fixed percentage of their stocks as odd lots, which may be purchased without surrendering stamp No. 18. This order is designed to help the dealer dispose of broken sizes, odds and ends and "problem" types which have been accumulating on his shelves. After July 31, those unsold return to the rationed list.

A bargain in money as well as ration stamps, these shoes may not be sold at more than a 10 per cent mark-up over their cost, or, if that is not possible to determine, they must be sold at least 25 per cent below their regular selling price on July 1, 1943.

Any notice or advertisement of these non-rationed shoes must carry the words "OPA Odd Lot," and one shoe of every such pair must be stamped or marked "Odd Lot," so that if shoes are returned unused,

## DEMOCRATIC SLATE READY FOR PRIMARY

### Montgomery Co. Comm. Announces List of Candidates

A complete slate for the September 14 Primary was announced today by the Executive Committee of the Montgomery County Democratic Committee after its endorsement at a meeting last night.

Leading the slate is Judge William F. Dannehower, for Judge of the Common Pleas Court, who many weeks ago was endorsed by the County Democratic Committee for re-election.

Endorsed for County Commissioner are Raymond K. Mensch, Gilbertville incumbent, and Gerald R. Noeton, Norristown real estate broker.

Others on the slate are: Attorney Francis T. Dennis, 4 East First Ave., Conshohocken, for District Attorney; Mrs. Victor J. Roberts, Jr., Pottstown, for Registrar of Wills; Francis Kelly, 149 West Third Ave., Conshohocken, for Sheriff; John Mundy Lynch, undertaker, 441 State Rd., Cynwyd, for Coroner; Mrs. Freda Acker, 492 Grant Ave., Willow Grove, for Clerk of Courts; William J. Luckey, 100 Cliff Ter., Wyncote, for Controller; John R. Welkel, Jr., 320 West Montgomery Ave., North Wales, for Recorder of Deeds; Francis D. Conner, 918 Arch St., Norristown, for County Surveyor and Frank Keegan, 504 South Narberth Ave., Merion, for County (Continued on Page 2)

## Reports Progress in Liquidation of Legion Post's Indebtedness

Grant R. Graham, finance officer of Bullock-Sanderson Post No. 136, American Legion, today expressed satisfaction with the progress of the campaign to liquidate the indebtedness of the Post.

He stated that some of the team captains among whom keen rivalry exists, were fast approaching their quotas, and based upon results to date, is confident that the goal can be reached.

Graham feels that there are perhaps many individuals in the community who would like to contribute but who may not know how to do so. He stated that any contribution sent to the Post Home, 125 Sutton Rd., Ardmore, will be gratefully received and promptly acknowledged.

## Main Line Women to Honor "Molly Pitcher"

### Emergency Aid Booths to Push Special Sale on August 4; Adopt Slogan "American Women Never Fail"

Girls, dressed in red and blue costumes, are going to tag Main Line citizens on August 4 when they purchase U. S. Savings Bonds and Stamps.

The occasion will be the Molly Pitcher National Tag Day radiating from Emergency Aid Booths, already established for the sale of bonds and stamps, girls will go forth that day with the slogan, "American Women Never Fail."

The tag you receive will bear a reproduction of Molly's blue pitcher in which, the historical legend says, she carried water to the men on the hot dusty battlefield. The tag urges "Fill the pitcher with Bonds and Stamps."

Nine captains of the Emergency Aid booths will supervise the drive in the Main Line towns under the direction of two co-chairmen, Mrs. LeRoy P. Leas, Overbrook, and Mrs. Francis Small, Bryn Mawr.

Stamps and bonds will be sold on Molly Pitcher Day in Ardmore, Bryn Mawr, Haverford, Narberth, Bala-Cynwyd and Wayne.

Referring to women and girls, who will help with the drive on August 4, Mrs. Leas said:

"We know they will never fail. Betsy Ross gave us Old Glory. Barbara Fritchle defied the enemy to defend her country's flag. Clara Barton taught the world a love for suffering humanity and service. Molly Pitcher gallantly manned her husband's gun after he fell at the battle of Monmouth. I know our women are just as anxious to carry forward on Molly Pitcher Tag Day the example of sacrifice and the tradition these women have set for the Nation."

## BOOK BINS SET UP TO AID DRIVE

### All Types of Adult Reading Matter Needed for Men

Book bins, sturdily constructed, and built in the shape of oversized books, have been put in strategic places in Lower Merion Township to facilitate the collection of books for the boys in the services.

These bins, bearing the legend, "Give books and Boost the Morale of Our Forces," are designed to call attention to the need of reading material for soldiers on far-flung outposts; for sailors patrolling the oceans; for fighting men in all parts of the world who need the relaxation or mental stimulus of books as a relief from the tension under which they live.

The Lower Merion Council of Defense urges that local residents comb their shelves for books that can be sent to the fighting fronts. Text books, language books, science, fiction, mystery, news analysis—practically any book that has given pleasure or profit to an adult in the reading is sorely needed to complement the "field equipment" of men in the services.

There must be hundreds of such books lying idle on the shelves in the homes in this section; a section known for its high caliber schools and colleges, said the Defense Council.

The bins have been placed on the street floor of Strawbridge and Clothier, in Ardmore; in Bryn Mawr Station, and in Gladwyne. Two more bins will shortly make their appearance in the locality.

The book bins, the work of the manual training classes at the Bala-Cynwyd Junior High School, under the supervision of Fred Goos, have been decorated by Mrs. W. J. Davis, Waverly Rd., Bryn Mawr.

## NURSE WEDS OFFICER

The marriage of Lieut. Cosma Chamberlain, U. S. Army Nurse Corps, stationed at Camp Shelby, Miss., and Lieut. Sylvester Thomas Hogan, Jr., son of Mr. and Mrs. Sylvester T. Hogan, of 112 Wilson Ave., Manoa, took place July 7, at Camp Shelby.

Will O'Donnell, making his first start since his no-hit, no-run achievement, was the victim, yielding his first decision through the pressure of Manoa's 11-hit assault.

Narberth set the early pace, scoring two runs in the second inning, but Manoa tied it up with a two-run rally in the fifth, and won out in the seventh on Jim Gray's single and Pete Ryan's double.

Gray, 17-year-old third baseman and one of the year's outstanding rookies, led Manoa's attack with three hits, all singles. Larry Field (Continued on Page 2)

## Narberth Boy Wins Bars on Battlefield

Mr. and Mrs. Charles Clipsham, of 430 Haverford Ave., in Narberth, have received word that their son, William V. Clipsham, serving with the United States Armed Forces in Africa, has been made a Lieutenant as a result of his part in the Tunisian campaign. The promotion was described as a "battlefield commission," and was based solely upon Lt. Clipsham's record in actual fighting in Africa.

Stamps and bonds will be sold on Molly Pitcher Day in Ardmore, Bryn Mawr, Haverford, Narberth, Bala-Cynwyd and Wayne.

Referring to women and girls, who will help with the drive on August 4, Mrs. Leas said:

"We know they will never fail. Betsy Ross gave us Old Glory. Barbara Fritchle defied the enemy to defend her country's flag. Clara Barton taught the world a love for suffering humanity and service. Molly Pitcher gallantly manned her husband's gun after he fell at the battle of Monmouth. I know our women are just as anxious to carry forward on Molly Pitcher Tag Day the example of sacrifice and the tradition these women have set for the Nation."

## Retiring Executive Of Main Line Scouts Feted

A testimonial dinner in honor of Tom Miller, retiring field executive of the Main Line and Norristown districts of the Boy Scouts of America, was held Thursday evening, at Whitehall, Haverford.

Miller, who has served the local community for five years, has resigned in order to accept a position as Scout Executive at Butler, Pa. His successor, William Olds, was introduced at the dinner.

Members of the Main Line district executive committee and the neighborhood commissioners joined in paying tribute to Miller. Most of those present came into Scouting as a result of his efforts.

Arnold Sorenson, Scout executive of the Valley Forge Council, was the principal speaker. He announced the appointment of L. L. Fielding Howe, former district commissioner of the Main Line, as chairman of the activities committee of the Council. L. Bert Curtis was named district commissioner to succeed Howe.

Other principal speakers included Dr. Charles G. Bohney, chairman of the district executive committee; Dr. Edgar S. Downs, former superintendent of schools in Lower Merion township, and Edward Nelson, of the Valley Forge Council.

The next meeting of the executive committee will be held July 31, at Camp Delmont, it was announced.

Describing rheumatic heart disease as "America's forgotten health problem" and a threat to child health under wartime living conditions, Dr. F. Munro Purse, of Narberth, speaking in Detroit Saturday, urged public health agencies and doctors to launch a prevention campaign against a wartime increase in the disease.

Dr. Purse, who is associate pediatrician at the Osteopathic Hospital of Philadelphia, spoke before a special group for instruction on Pediatrics at the War Service Conference of the American Osteopathic Association, in the Book-Cadillac Hotel. He said that particular attention should be paid to wartime housing and nutrition, explaining that undernourishment, low resistance and exposure in damp dwellings are important contributory causes of the disease.

Dr. Purse is past president of the Bala-Cynwyd-Narberth Rotary Club, and is now serving on the Board of Directors.

S. foreign policy.

### WOODSIDE PARK

The free Sunday concerts at Woodside Park will headline Gloria French, golden voiced soprano; Joe Wallace and his band, Scott Hancock and others with a musical ensemble.

The concerts, in Sylvan Hall at 4:15, 7:15 and 9:45, will be preceded by Jack Steek's Kiddies' Hour at 2.

Regular attractions include a fireworks display every Friday, and night swimming under floodlights at Crystal Pool, every evening at reduced rate, except Saturdays and Sundays.

Breyer Days at Woodside Park are Tuesdays, July 27, August 3, 10, 17 and 24, free and part-paid amusement tickets available from local dealers.

### 'Bottle Blitz' Starts; Housewives Urged To Return 'Empties'

"Wanted—10,000,000 bottles!" That's the slogan in Pennsylvania today, as housewives, war workers and thousands of other patriotic men and women rallied to the appeal to round up vital stray deposit containers.

Vastly increasing military and civilian population in this area, have increased demands for bottled goods. So idle deposit bottles must be returned. Hundreds of retail grocers, bottlers and the leading chain store organizations are co-operating in the "bottle blitz."

Spearheading the drive, housewives are urged to search their homes, garages, store rooms and other places where truant containers may be hiding.

Owners of beach homes and country houses also are requested to uncover returnable bottles and turn them back to their source of purchase.

They will be thoroughly cleansed, sterilized and put back to work.

Miss Eleanor Hoopes of W. 3rd Street, office secretary of the Borough of Merion is spending her vacation at Lewis, Delaware.

## EARLY APPLICATION FOR OIL URGED

### Promptness Will Aid Consumers And Board

All occupants of oil-heated homes should return their applications for next year's fuel oil rations to their War Price and Rationing Boards promptly, if possible within the next 48 hours, Henry H. Perry, chairman of the Bryn Mawr War Price and Rationing Board, announced this week.

While there is no deadline for filing applications, it is very possible that those who delay may have difficulty in getting supplies before the first cold weather arrives next fall, Henry pointed out.

Distribution of the simple renewal application form to householders who received a ration of fuel oil last year was completed several days ago, the chairman reported. Many of these have been returned, and the Board has already processed applications and mailed new rations to a large number of the applicants. These householders are thus able to make immediate arrangements with their dealers to fill their fuel oil tanks before cold weather sets in. The importance of making these arrangements early was stressed by Perry.

"Dealers can give consumers better delivery service throughout the year if they can begin deliveries in the summer," he said. "This helps them solve manpower and truck shortage problems, and it also enables them to add appreciably to the storage capacity in the rationed area."

"All dealers may not be able, because of lack of supply, to make deliveries immediately in individual cases. But public co-operation in placing orders early will enable dealers to serve their customers ahead of any weather emergency, and to use their delivery equipment more efficiently."

"Public co-operation can also help the rationing boards," Perry stated.

"The Boards, which will be busy with other rationing programs later, are best equipped to handle fuel oil applications now. Customers can be best assured that their applications will be handled promptly if they file them early."

"It is also important that dealers and the Government have immediately the information which applicants for renewal will provide about the amount and kind of oil rations that each consumer requires. This information tells dealers and the Government how much of each type of oil to bring into each neighborhood throughout next year."

"Consumers were cautioned not to mail their applications to district, state, or regional offices of OPA, but to the local War Price and Rationing Boards."

## An Unbeatable Warm Weather Combination

It's up to you, the homemaker, to give up the family's leisure time now that war restrictions are keeping them at home. A few refreshments served in an attractive manner can easily turn a Sunday afternoon into a gala occasion, and what's more, your family will be delighted with the little fuss you have made over them. The party spread, photographed above, is really no trouble at all to make. The dainty sandwiches and frosty iced coffee are an unbeatable summer meal. But be sure to make the coffee a bit stronger than usual to allow for melting ice. "When you serve sandwiches in warm weather, it is a good idea to make them with light spreads such as those shown in the illustration. The following are excellent: cream cheese, green pepper and celery;

watercress and mayonnaise; tomato aspic garnished with olives; chopped parsley and cream cheese; and chopped carrot and lettuce. Don't forget to cut the bread very thin and into varied shapes to make a more attractive sandwich plate. Assorted breads also lend variety.

There is nothing quite so tempting to serve with these sandwiches on a scorching summer day as iced coffee. You will regain your pep and cool off while enjoying its flavorful goodness. And be sure to get the most out of your coffee by making it fresh each time you serve it. The ultimate in flavor is obtained by pouring freshly made hot coffee into a glass filled with ice. Add sugar and cream to individual taste. Many people prefer to take it plain with nothing added to the delicious coffee flavor.

### Cameron Speaks on Safety Problems

(Continued from Page 1)  
the past year, marking a decrease of eight per cent over last year. Nine million, three hundred thousand were injured.

Home accidents, he said, accounted for 30,500 deaths, while traffic deaths amounted to 27,800. These figures represent an increase in the percentage of home accidents, and a decrease in traffic accidents, or 30 per cent.

The speaker pointed out that there were more accidental deaths in the county during the year than the number of casualties in the service from the county since Pearl Harbor. There have been 77 killed in the county in accidents, while 70 deaths have been reported in the service.

Another great source of acci-

dental deaths is industry. Such deaths are caused by carelessness, fatigue, improper safety controls, etc. Eighteen thousand five hundred persons were killed in the United States in the past year by occupational accidents.

"Eternal vigilance is the price of safety," concluded Cameron.

The speaker was introduced by Richard Gillis, chairman of the vocational service for Rotary. President George Kirkpatrick, presided.

## Manoa Bids For Lead in Main Line

(Continued from Page 1)

and Joe Riley each collected two hits, the latter having a double over his contribution.

Jimmy Simmons, formerly of Mayfair and Disston, made his debut in the outfield with Narberth and paced his new teammates with two hits. Bob Yeabsley, Penn athlete, was another new face in the Narberth lineup, seeing action behind the plate, replacing Lou Bender, who has joined the Marines. Yeabsley contributed one of Narberth's six hits, a double.

Two records were set by Pen-Mar as it scored its fourth victory at the expense of the West Phils, 11-3. The Irvinnen set one league standard when they stole nine bases and Bill Papa, returning to the league after an absence of several years, stole four of them to wipe out the individual single game mark of three, set by A. Ralston of Narberth in 1935.

Joe Kraus, Pen-Mar third baseman and league's hitter, blasted three hits to increase his average to .524.

Southpaw Harry Robinson chalked up his third victory when he pitched Overbrook to a 5-2 decision over Brookline at Narberth. Robinson allowed only six hits, fanned six and walked only two. First baseman Acord led the winning attack with three hits.

It was Overbrook's fourth victory gave it a .500 average for the season and lifted it within a half game of the first division.

**THIS MONTH**  
A new Supplee Cream Sherbet made with real Hawaiian pineapple  
It started as a wartime measure. With ice cream limited, we wanted to give you an additional frozen food in the Supplee tradition of goodness to high-light family meals and for entertaining.  
But the way people have taken to these new cream sherbets shows that they have already become a delightful, permanent contribution to better living.

This month's special is an outstanding example of why they excel. We were able to secure enough scarce, fragrant Hawaiian pineapple to crush generously throughout the creamy texture—make a refreshing summer treat that is tops in flavor.  
Try Supplee Sealtest Pineapple Cream Sherbet. Order it in the store which displays the familiar red Sealtest sign.

## WOMEN MARINES TO FORM BAND

### Musical Unit Will Be Trained At Camp Lejeune

Announcement by Marine Corps headquarters in Washington of the forthcoming enlistment of a Marine Corps Women's Reserve Band marks the opening to feminine talent of one of the Corps' oldest and proudest institutions.

The women who are to be recruited for this duty will inherit a tradition that dates all the way back to 1775, when the first Marine fife and drum corps paraded the streets of Philadelphia to muster up America's first battalion of fighting Marines.

Lineal descendants of those Revolutionary fifers and drummers are today's world-renowned United States Marine Band and the many post bands serving at Marine bases in this country, and all over the world. The Women's Reserve Band, however, slated for service at Camp Lejeune, New River, N. C., will be the first daughter in the family.

The oldest military band in the United States, it was the only public band in Washington until as late as 1830. It was officially accepted as the National Band and the "President's Own" as early as 1801.

Its history is closely interwoven with that of the White House where it has performed at ceremonies ranging from the first egg-rolling party, during President Jackson's administration, to the State Dinner in 1938 when President and Mrs. Roosevelt entertained King George VI and Queen Elizabeth.

Like their male counterparts, the women "musicians" will be Marines and musicians second. Marine Corps "musicians" are enlisted for general duty and go through the regular basic training course, receiving band assignments only after they have properly qualified in drill and military fundamentals. They must be ready for general duty at any time.

The forty-three piece band will consist of a master technical sergeant; two technical sergeants; a drum major; a staff sergeant; 14 sergeants; 12 corporals, and 16 privates, including privates first class.

## Peacetime Weapons

Lieut. Mickey Cochrane of the navy and Ted Lyons of the marines inspected their pre-war weapons when they met at a navy benefit game in Chicago.

## Elissa Landi Stars In 'Theater' At Bellevue

Elissa Landi will be the guest star at the Bucks County Playhouse in the air-conditioned ballroom, of the Bellevue-Stratford Hotel, for one week, starting Monday evening, July 26, in the first Philadelphia presentation of "Theater," by Guy Bolton and Somerset Maugham, based on Maugham's novel of the same name. "Theater" was successfully presented a few seasons ago in New York and on tour by John Golden, starring Cornelia Otis Skinner.

Elissa Landi has won fame on the stage, screen and radio, as a novelist. She has to her credit such published works as "Nelson," "The Helmers," "House for Sale," and "The Ancestor." Born in Venice, Miss Landi's first New York success was in "A Farewell to Arms." Since then she has appeared in "Tapestry in Grey," "The Lady Has a Heart," and "Empress of Destiny." Her film career includes such movies as "Underground," "Mad Holiday," "After the Thin Man," and "The Thirteenth Chair."

A strong cast has been assembled in support of Elissa Landi with Robert Chisholm, as Michael. Others in the company include: Russell Collins, John Effrat, Edward Hunt, William David, Philippa Bevans, Roger Sullivan, Ned Halligan, Frank Compton, Judy Wiskman and Dennis Gurney.

The play has been staged by Dennis Gurney and the setting designed by Leo Kerz.

## Silk Stockings Still Needed for Salvage

There must be hundreds of pairs of silk and nylon stockings still tucked away in bureau drawers, which, while not in wearable condition, should be doing their bit toward winning the war, is the opinion of Dr. Howard Wayne Smith, executive director of the Council of Defense of Lower Merion Township.

A one-man salvage drive netted J. E. Barkman of the Salvage Committee of the Council of Defense of Lower Merion Township, 868 silk and nylon stockings collected from members of the Rotary Club of Ardmore.

Women have long had the habit of buying two pairs of hose of the same color, so as to salvage two matching stockings when one stocking either tore or wore out. Salvage for the war effort need not wait for pairs. As soon as a silk stocking, or a nylon stocking, is ready for discarding, it should be dropped into the box for the purpose which can be found in any hosiery department.

The fighting fronts need more and more powder bags which are made from these stockings. The salvage of stockings and other critical war materials, after they have outlived their usefulness, is the duty of every householder who is making his home a vital battle station.

## HOPES FOR LIFTING OF DRIVING BAN

### Harrity Asks For More Equitable Gas Distribution

Keystone Automobile Club believes the "pleasure" driving ban should be lifted and that motorists of Eastern United States should be permitted to use whatever gasoline can be allotted to them in the same manner they now use all other rationed commodities.

In making public a statement of club policy issued by J. Maxwell Smith, Keystone's president, Francis J. Harrity, Manager of the Main Line Division of the Club, said there is reason to expect a change for the better in motoring conditions.

"While," he said, "the supply of gasoline for the home front cannot possibly assume normal proportions in time of war, a more equitable distribution of fuel will give to Eastern motorists a share of available supplies they have long been denied."

The Club's program for relief of Eastern motorists includes these principal points:

"1. Supply every military need, with a wide margin of safety, and apportion the remaining gasoline fairly to the motorists of the United States.

"2. Abandon the abortive 'pleasure' driving crusade and permit every motorist to use his ration allotment in the same manner he uses other rationed commodities.

"3. Assure an adequate supply of gasoline and oil for war and home fronts by acceptance of Secretary Ickes' recommendation for an increase production."

The Club feels, the statement added, that "a motorist would rather have a gallon of gasoline in his tank than an extra penny in his hand," explaining that a 5-cent-per-barrel increase in the price of crude would amount to approximately one-cent per gallon increase in the cost of gas. OPA has refused an increase on the ground it would be inflationary. Secretary Ickes and the oil industry contend the increase is necessary to assure a continued supply of oil, through exploration of new sources and the operation of wells which at the price of oil are unprofitable.

## Pardon My Accent! Englishman Almost Lost Role

Dennis Hoey nearly missed out on the most important role of his brief Hollywood career because his agent had the British actor typed as an Englishman.

Hoey's agent told him one day that it was too bad he couldn't play a German part because he had been offered role in 20th Century-Fox's stirring film, "They Came to Blow Up America," which was to star George Sanders.

The actor, who began his career in London as an opera singer and was famous for his Wolfram in the German opera "Tannhauser," didn't give the agent time to explain further but went immediately to Director Edward Ludwig to try out for the "Nazi" role. Walking into Ludwig's office he picked up an evening newspaper and started reading the war dispatches in such a satisfactory guttural accent that he was immediately signed to the role.

"They Came to Blow Up America," now at the Boyd-Chester Theatre, and Hoey will be seen in the important part of the Nazi Gestapo chief.

In addition to Sanders and Hoey, Anna Sten, Ward Bond and Sig Ruman are cast in this dynamic film that tells the almost unbelievable story of the training of saboteurs for the destruction of allied war plants. Lee Marcus produced the hit.

NATIONAL PRESS BUILDING WASHINGTON, D. C.

By Adria Aldrich

Without badge or nightstick, you will be asked to "police" violations at the butcher's and baker's and report them to local ration boards. OPA's Market-Basket Price Book setting forth the ABC's of price control will come along in the mail with the next ration book. Housewives are asked:

To check selling prices of items against OPA published prices every time they buy.

To report to price panels of local war price and rationing boards any violations either of price or of posting.

To pledge themselves never to buy rationed goods without giving full value of ration stamps.

Good news for chocolate lovers. Transports carrying war equipment to North Africa, now bring cargoes of cocoa beans to U. S.

Heating experts predict such post-war wonders as smokeless stoves, heating of homes through their walls (known as "panel heating") and ash-removing stokers.

Readin', writin' and 'rithmetic may be taught right at home to hundreds of American children this year. National Education Association and U. S. Office of Education report critical shortages of school-masters and 'mamas, off to war-time jobs.

Both new and old users of margarine, now with Vitamin A added, will be interested in knowing it is termed as a food "of importance," by Senior Surgeon W. H. Sebrell and Dr. Walter Wilkins, U. S. Public Health Service, in the new "Public Health Reports."

When nylon comes back, your stockings will have many nylon-made cousins — such as evening dresses, men's shirts, scuff-proof shoes and featherweight tents.

A chemist in Iowa, chopping away at a "Jenny" weed in his victory garden accidentally cut his finger. The cut stopped bleeding instantly when it came in contact with the juice of the weed's root. Result: Several pharmaceutical concerns are trying to produce

"extract of Jenny" to use as a blood coagulator!

Men have always loved home baked bread. Perhaps the commercial bakers' current difficulties with scarcity of help and shortness of supplies will revive an old American custom. There are a number of prepared mixtures, such as self-raising cake flour that lightens the work of cakes and pies. So, roll up your sleeves, do some baking and presto! — watch that pleased expression on your man's face!

You will be glad to know, I'm sure, that gold and silver evening slippers, men's and women's riding boots, baseball, track and football shoes have been released from rationing!

The whaling industry is back. California is handling an average of 12,000 pounds a day, and whale steaks are being shipped to Chicago, Kansas City and other mid-West cities. They hope to step this up to 30,000 pounds if additional boats and experienced fishermen can be found.

A perfect example of how economies work is to be seen in the current price-supply tangle over beef, which has resulted in fewer animals being slaughtered. Less beef at your butcher's also means there will be trouble at the shoe-maker's, for hides are not flowing to the tanners and supplies of sole leather for repairs will be scarce. Half-soles, or even tips for worn shoes will be the order of the day, instead of full soles. Also, shoe polish, elbow grease and the oil of shyness for preservation will be with us from now on.

Tokens may replace the present paper ration stamps. Each month four billion coupons become valid throughout the nation — enough paper to fill 50 to 60 freight cars.

Golden cole slaw is a new hot-weather taste tickler. For the dressing use prepared horseradish and mustard mixed with real mayonnaise. Suit your palate on proportions.

The crimp in consumer goods looked pretty bad for Christmas. But now Office of Civilian Requirements plan a relief program, so Santa Claus can still arrive fairly well laden.

## Local Board 3 Lists More Names of Inductees

Local Board No. 3, 109 Forrest Ave., Narberth, Pa., has issued a supplemental list of names not included in last week's issue of this paper.

The following men were accepted July 8, 1943, and have been instructed to report to Local Board No. 3 of Montgomery County on July 29, 1943, to be entertained for New Cumberland Reception Center.

John J. Scully, 144 Arnold Rd.,

Ardmore, Samuel J. Del Pizzo, 411 Rockleglen Dr., Wynnewood.

The following men were accepted by and sworn into the Navy: Richard Griffith, 13 City Avenue, Bala; Anthony J. Papaloni, 217 Chestnut Ave., Ardmore.

The following men were also accepted by the Army and have been instructed to report to Local Board No. 3 of Montgomery County on July 29, 1943, to be entertained for New Cumberland Reception Center.

Charles A. Jackson, 62 Holland Ave., Ardmore.

John Greenlee, 5735 Filbert St., Phila.

William Harbison, 316 W. Spring Avenue, Ardmore.

Robert Moore, 147 Walnut Ave., Ardmore.

## DONOR SERVICE HOLDS POLISH DAY

### Asks 600 to Give Blood in Honor of Premier Sikorski

Polish Day will be celebrated at the Red Cross Blood Donor Service on July 27. On this date, all the people of Polish extraction in the Philadelphia area are requested to give a pint of blood each, for the use of our wounded soldiers and sailors and marines. At least 600 Polish people are asked to contribute that day, to fill the quota for one day at the Blood Donor Center.

Chairman of the Blood Donor Committee for the Polish people is Dr. Leon Kolankiewicz, president of the Polish Relief Society. Dr. Kolankiewicz has been recruiting donors from the Polish churches, clubs, and fraternal organizations, of which there are some two hundred in the city.

Many of the blood donations are being made as a memorial to Polish Premier Sikorski, whose tragic death in an airplane accident stirs the patriotism and spirit of sacrifice needed for the war. There will be a brief memorial service in honor of Sikorski during the day of the 27th. Dr. Kolankiewicz, Mr. Walter Pytko of the Polish Beneficial Society, and Mr. Ed Mannuzik, Chairman of the Frankford and Bridesburg Tax-Payers' Association will speak.

Polish costumes will be worn by a delegation of Polish men and women who will march to the blood donor center.

## New County Map Is Now Available

(Continued from Page 1)

New photographs include one of the new hospital at the County Institution District Home, a view of a log truss bridge in the Limerick Park, a county pary in Abington Township, scenes at the Upper Perkiomen Valley Park, Valley Forge, the County House of Detention, the only remaining covered wooden bridge in the county, and the old Perkiomen stone bridge at Collegeville. A table of distances from various places in the county, a photograph of the Court House and pictures of former Court House structures and population tables for the 38 townships and 24 boroughs of the county complete the map.

The cover, similar to last year's edition, is printed in black and white except for an American flag in color which surmounts the top scroll.

WILBUR S. MUFFETT DECORATING PAINTING 104 FORREST AVE. NARBERTH, PA. Phone Narberth 2419-11

## Plan Now for Fall Victory Gardens

It is now time to plan for the fall garden, according to County Agent H. O. Wilcox of Media. Now is the best time to plant many crops for fall use which will keep the victory garden working at its full capacity until frost.

Crops which may still be planted are: Snap beans, carrots and beets for fall use or storage, turnips, and leaf lettuce.

Endive and Chinese cabbage can be planted up to August 1 and will be delicious for salads in September and October. These last two should be planted where they are to grow and thinned to about 8 inches apart in the row.

Cabbage and celery may still be planted for fall and winter storage. The green varieties of celery are recommended.

Kale for overwintering may be sown as late as August 15. Long Standing Bloomsdale or Savoy Long Standing spinach can be seeded August 1 to 20.

All of the above crops may be planted in the garden which was occupied by such crops as spring spinach, peas, early lettuce, and cabbage.

Now is also the time to start sowing domestic ryegrass in the garden to provide a cover crop for the improvement of the soil and to enrich it for next year's garden.

One-half to one pound of domestic ryegrass per 1,000 square feet sown at the time of the last cultivation in late July or August will provide a green manure crop to be plowed down the following spring.

The grass makes a slow start and does not interfere with crops remaining in the garden.

After September 1, common rye grain is preferable to the ryegrass, as the ryegrass will not make a satisfactory growth if sown too late. Two pounds of rye per 1,000 square feet will give satisfactory stand.

## QUESTIONS AND ANSWERS ABOUT O. P. A. PRICE PANEL

Each week in this same space the Price Panel of the Ardmore War Price and Rationing Board will attempt to answer the most frequently asked questions about the Price Panel—what it is—how it works—what it is expected to accomplish.

Ques.—Who are the members of the Price Panel?

Ans.—Your neighbors who are volunteers and have been chosen for their experience, ability and fairness.

Ques.—What is the purpose of the Price Panel?

Ans.—The purpose is two-fold. 1. To assist in informing the merchants and the public as to the price ceilings and price regulations.

2. To receive and investigate complaints as to violations in charging over ceiling prices.

Ques.—How should violations be reported?

Ans.—If you are charged a higher than ceiling price on any article, report this in writing to your local Rationing Board, giving the following information:

1. Name and address of store.
2. Complete description of article.
3. The price charged.
4. The date of purchase.
5. Your name and address.
6. Mail complaint or bring it to

Ration Board office during office hours.

Ques.—Why must I sign my name?

Ans.—Your name will be treated confidentially at all times. You can be sure of that. Signing your name indicates it is a well intentioned complaint.

Ques.—What happens when the Price Panel receives a complaint?

Ans.—Price Panel sends a representative to see the merchant against whom the complaint is made. The ceiling price and the regulations are carefully explained to the merchant. In most cases the Panel feels that the facts will reveal a misunderstanding of the regulations by the merchant rather than an intent to violate them.

Ques.—Will merchant find out name of person making complaint?

Ans.—No. The members of the Price Panel will be the only ones who will know the names of those making a complaint.

Ques.—What happens if complaints continue to be received about the same merchants?

Ans.—The merchant will be called to appear before the Price Panel and if he refuses to comply with the established price ceilings he will be reported to the District Headquarters of O.P.A. From this time on it is out of the hands of the Price Panel.

## Civilian Defense--Continued

(Continued from Page 1)

### SOLDIERS SEND MONEY BY RADIO

American soldiers overseas except those in Alaska, Hawaii, Panama Canal Zone, and Puerto Rico may now send money home by radio. In a recent week more than 9,000 soldiers sent nearly \$1,000,000, in amounts of \$10 or more, with no maximum limit. Money may be transmitted to an individual payee, or to a bank. The process is speedy and sure. If a soldier desires to do so, he may also purchase war bonds by this method.

### 8 MILLION POUNDS OF WASTE FATS

American housewives salvaged almost 8 million pound of waste kitchen fats in May—highest total since the fats and grease salvage program was started. This result surprised officials who said that a drop might have been expected because meats and fats have been rationed since March. Nevertheless, the 8 million pounds is only about 50 per cent. of the needed quota of 16,667,000 pounds per month.

### ROLLBACK OF VEGETABLE PRICES

Effective July 20, a rollback of about 25 per cent. in the price of lettuce and 50 per cent. in the price of cabbage was ordered by the OPA. This was the first step in the price to cut back the excessive prices of fresh fruits and vegetables to keep the cost of living down.

### MORE COMMUNITY-WIDE PRICES

OPA will continue to establish community-wide prices on foods sold at retail, even though it has recently issued over-all fixed mark-up regulations. The housewife cannot easily tell whether a storekeeper has made his prices by the markup method and that is the reason OPA will proceed with community-wide maximums.

### 130 Boys Take Part In Swimming Meet

(Continued from Page 1)

Lafferty, Radnor 1. 60-yard free style: Cox, Penn Wynne 1; Behney, Bala 3; Laird, Ardmore 2.

Diving: Thompson, Ardmore 1; Eyre, Penn Wynne 1; Laird, Ardmore 2, and Whitley, Ardmore 6, tied for third.

Underwater swim: Thompson, Ardmore 1; Bell, Ardmore 2; Jones, Ardmore 6, and Behney, Bala 3, tied for third.

Les Langan and C. Edward Land directed the meet.

### The Grist Mill

(Continued from Page 1)

few days later he was assigned to instruct his first class. The lowest ranking officer taking the course was a major. After standing a few minutes outside the classroom door, the new lieutenant gulped thrice and entered. Striding briskly to the front of the platform he said in a loud, clear voice, "I suppose there are at least ten thousand officers in the United States who know more about this subject than I do." He paused. Then: "But I see none of them here today—so I shall go right ahead and speak freely." From that moment the kid had the majors, colonels and brigadiers right in his pocket.

Got us too . . . The new lieutenant was Richard M. Cabrey, who was inducted into the Army in March of 1942 and got his First Lieutenant's silver bar in April of this year. Lt. Cabrey is the son of Mr. and Mrs. J. J. Cabrey, Narberth and Windsor Aves.

Like Manna from heaven and just as unexpected was the fourth dividend payment made this week by the late, lamented Merion Title and Trust Company. We heard of one unthrifty fellow who was so overcome by the dividend, amounting in his case to six or eight dollars, that he sped posthaste to the Ardmore liquor store and came out

with a bottle of 12-year-old Spanish brandy, which his good wife promptly stowed away for use on special occasions only.

"Where's Philip Livingston these days?" is a question posed to us occasionally. So, for the benefit of all and sundry, we announced that Philip is employed by the Army Ordnance Department, retains his civilian status, and is in charge of a publication unit in Philadelphia. They are engaged in preparing catalogs and other tomes of a reference nature, on all the various types of ordnance. Philip reports that he is working like h—, enjoys it thoroughly and getting a lot of satisfaction from doing something important to the war effort and yet up his alley as a printer and publisher. (U. S. In case you had forgotten, Philip is a former editor and publisher of this paper.)

Anyone who tries to sell Kathryn Laffen, the attractive young lady who keeps Messrs. Durbin and Howard's books and business affairs in order, a bill of political goods is due for a surprise. That young woman has a mind of her own and doesn't fall for the usual line of political patter. It's an attitude we could use more of—intelligent appraisal based on knowledge of the facts.

Our operatives report that Betty Grace, the comely and personable red-haired lass who graces (no pun) one of Ralph Dunne's modernistic desks, will be leaving town shortly for California to add a Mrs. to her name. Her fiancé is in the Army.

### Go Over the Top in June Bond Sales

The Emergency Aid Bond Booth at Haverford and Forrest Aves., Narberth, won the Main Line banner for the month of June for the sale of bonds.

The total sale of bonds—no stamps included—was \$7925. Mrs. Lewis V. Homsher is chairman.

## Anxious Eyes Watch

In Europe food is dispensed at school and is the one meal of the day. Quietly and orderly they await their turn for there is no food at home. Agencies supported by our United War Chest dollars will help build a new generation of strong and healthy citizens.

## Letters From Our Men In Service

Camp Lee, Va.  
July 18, 1943

To the Editor:

I wish to express my deep appreciation for the swell present given on my induction into the Army by the Narberth Citizens Committee. I know of no other way you could have expressed Narberth's sentiments to inductees. Each gift has been put to very good use. They are all useful gifts that other service men envy. You have no idea how many soldiers now know of Narberth, Pa. A darned nice town!

Again, please express my very thankful sentiments to those who made such practical gifts possible. I know all the other Narberth men feel likewise.

Kindest regards,  
Morris B. Watson.

To the Editor:

I want to thank you for the gift I received on my departure for the service. I really appreciate them and it is swell to know you are not forgotten. It helps a soldier's morale a great deal.

Bernard Cantagalli,  
Fort Belvoir, Va.  
New Cumberland,  
June 18, 1943

To the Editor:

This is merely the heartfelt appreciation of one more of the very many men (and now boys) whom Narberth has sent off to the war.

It had a double effect, on me, at least, that wonderful farewell package. It was tough to leave anyhow, and the full realization of what a warm-hearted little town I was leaving made it all the tougher. On the other hand, it gives a confused rookie great assurance to know that the folks at home are behind him not only chronologically and geographically, but spiritually, too. It was thoughtful and kind and swell and a thousand other things that I can feel but not say.

It has been very hard to convince the boys in the barracks that the home town really did all that, but it will be even harder to forget Narberth. This is worth fighting for.

Very gratefully,  
Bob Rowan.

## Next Stop?

A United States coastguardsman in a North African port consults this signpost and wonders where he will go next.

## News of the Men & Women in Service

Robert C. Chapin, son of Mr. and Mrs. Robert C. Chapin, of 216 Sabine Ave., in Narberth, was graduated as a second lieutenant from the school of navigation of the Army Air Forces at Hondo Field, Texas, on July 15.

His mother went to Texas to witness the graduation ceremonies, and is spending two weeks at San Antonio. She will return to Narberth on Wednesday.

The Army has announced the promotion of William W. Wentz from the rank of Staff Sergeant to First Sergeant.

Sgt. Wentz is the son of Mrs. Walton M. Wentz and the late Mr. W. M. Wentz, of 2005 Wayne Ave., Narberth. He was graduated from Lower Merion High School in 1939, and was within six months of graduating from the Pennsylvania State College at the time of his induction in October, 1942.

Sgt. Wentz, who majored in forestry while he was in college, is stationed at the engineer unit training center at Camp Claiborne, Louisiana. He is in a forestry battalion.

## This Week IN WASHINGTON

Washington, D. C. (NWNS)—The President has shown no signs of being in a hurry for the return of congress from the recess which it expects to enjoy until September 14. In fact, he is probably breathing a lot easier, as he tries to cope with the problems of our domestic economy, by knowing that congress won't change his plans.

However, congress is recessing under different rules than usually apply to recesses. Ordinarily the members can only be called back by the President, but this recess was taken under a special arrangement by which congress could be called back by the vice president, the speaker or the majority or minority leaders. Thus, if congressional leaders don't like the way things are going in Washington, they can reopen this session at any time.

This is the first formal recess congress has had since 1938. During that time there has been a great change in the politics and the activity of congress. Until the last election, congress was thought of more and more as merely a "rubber stamp" body which would give its approval to anything the President requested.

Recently, however, it has demonstrated its independence of the administration on several occasions. It put through pay-as-you-go tax legislation which was contrary to the administration's plan; it passed anti-strike legislation over the President's veto and it gave him the power to grant subsidies to keep food prices down by only one vote. Now, after rebelling against an administration-dictated home economic program, the congressmen will have an opportunity to check with their home folks on what they think of it all.

In most sections of the country it is expected that the people will make it clear to their congressmen that they heartily endorse their recent activities. If that is true, we can then expect to find the returning congress even more ready to buck the administration on any proposals which do not directly affect the war effort. So far congress has continued to leave the war program under the direction of the President and will probably continue to grant whatever appropriations he says are needed to keep our armed forces and those of our allies functioning with maximum efficiency.

Some political experts believe

**WE MUST KNOW "WHY" AS WELL AS "HOW"**  
Pharmacy is a profession in which knowledge and accuracy are vital. It is important that your pharmacist know why a drug is included in a prescription, and important that he fill it properly.

## "Meet the People..."

(Each week in this space will be presented a picture and word portrait of someone whose name is news.)

•The new war food administrator, Judge Marvin Jones, has long been considered a "natural" for that position by many Washington observers.

•He is a Texas farmer. In early New Deal days he was chairman of the agricultural committee, was a sponsor or author of much New Deal farm legislation, and once was considered for the post of secretary of agriculture. Added to his agricultural background is 36 years of legal and legislative experience.

•In 1907 he received a law degree from the University of Texas. Ten years later he was elected to the United States house of representatives, where he remained for two decades until 1940, when President Roosevelt appointed him a judge of the United States Court of Claims.

•In Washington he is known for his capable diplomacy and deft handling of delicate situations. As chairman of the United Nations food conference, it was his job to keep the delegates from running into dead end disagreements. His work at that first international conference of post war questions should well qualify him for the difficult food problems that will follow the armistice.

Judge Marvin Jones

that the President's popularity rating with the people will take a jump while congress is away. They point out that the limelight has been on congress rather than on the President during recent months and, with congressmen away from Washington, the President's activities will once more be the center of attention. They predict further that if some of our domestic problems, such as food production, turn out better than expected, the President is now more apt to get the credit.

## Lower Merion Chief Heads Police Group

Samuel W. Gerhart, Superintendent of Police of Lower Merion Township, Ardmore, today held the Presidency of the Pennsylvania Chiefs of Police Association, succeeding H. S. Carey, Altoona.

Other officers elected at the closing session of the 30th annual conference yesterday were:

Theodore Halliwell, Cheltenham Township, Elkins Park, 1st Vice-President; Leo D. Coleman, Pittsburgh Railways, Pittsburgh, 2nd Vice-President; Lawrence Kendig, Plymouth, 3rd Vice-President, and

the following were re-elected.  
L. J. O'Neill, Carnegie-Illinois Steel, Pittsburgh, Treasurer; Samuel O. Wynne, Philadelphia, Chief Counsel; C. W. Rhoades, Northumberland, Sergeant-at-Arms; F. B. Titus, Lansdowne, Secretary; D. T. McKelvey, Wilkes-Barre, and Hazelton Auto Bus Co., Hazelton, and John G. Good, Williamsport, members of the Executive Committee.

## Service With A STRUGGLE

Though our goodnatured grin may be missing We're not grouchy, we're just absorbed in the struggle of doing a herculian task with which all laundries are now confronted—that of handling a "mountain" of laundry work. Our job can be eased a bit if you will hold your laundry to a minimum, sending only what you absolutely must.

Today there are fewer of us to serve more of you, your cooperation is urgently needed. May we count on you?
